# About The Company

Velvet Vibe Interio is a Delhi-based interior design and execution firm recognized for delivering high-quality projects with consistency, precision, and professionalism. Over the past 5 years, the company has built a strong reputation for completing projects on time, within budget, and with superior finishing standards, serving hundreds of satisfied clients across India.

- ◆ Strategically located in Delhi, Velvet Vibe Interio operates with well-established infrastructure supported by its own warehouse facility, where fabrication and fixture works are executed in-house. This operational advantage enables better quality control, efficient timelines, and seamless project execution.
- ◆ Experienced team of professional designers with extensive industry knowledge
- ◆ Skilled administrative and management staff ensuring smooth coordination
- ◆ Strong project planning and execution capabilities
- ◆ Focus on quality, finishing, and standardized processes
- ◆ Reliable vendor network and trained manpower across divisions

As an individual firm, Velvet Vibe Interio maintains a focused and client-centric approach, ensuring attention to detail at every stage of design and execution.

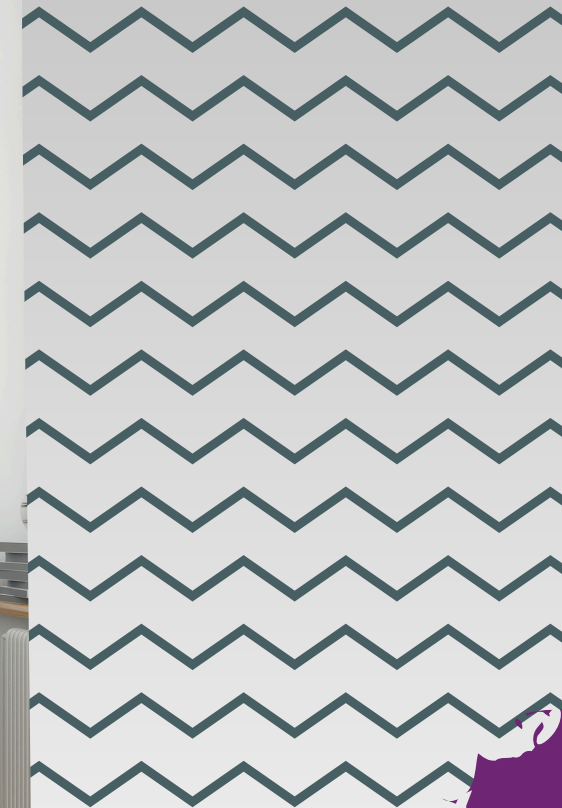

## *Our Vision*

To become a trusted leader in interior design and build solutions by creating innovative, functional, and sustainable spaces that enhance everyday experiences.

## *Our Mission*

- Deliver high-quality interior solutions
- Maintain transparency and professionalism
- Ensure timely project completion
- Provide cost-effective design solutions
- Build long-term client relationships

# Areas of Expertise

## 01 Corporate Office

Creating modern corporate spaces that promote productivity, professionalism, and efficient workflow.

## 04 Retail Outlets

Designing attractive and functional retail environments that enhance brand identity and improve client experience.

## 02 Commercial Spaces

Delivering smart and scalable interior solutions tailored to diverse commercial business requirements.

## 05 Workspaces

Planning ergonomic and technology-friendly workspaces designed for performance.

## 03 Hotels & Hospitality

Designing welcoming hospitality environments that combine luxury, functionality.

## 06 Restaurants

Developing creative dining interiors that reflect brand concept while ensuring operational efficiency.
